IATA DECLARATION – SPECIAL PROVISION (UN2990)

NON DANGEROUS GOOD

IATA DECLARATION – SPECIAL PROVISION

We hereby declare that the goods described below:

Airbag inflators / Airbag modules classified as UN2990, Life-saving appliances, self-inflating

are designed, manufactured and tested in such a way that they do not present a significant hazard during transport.

The products are equipped with a triggering system that prevents accidental activation under normal conditions of transport, including handling, vibration and minor impacts.

The product contains no dangerous goods other than Division 2.2 compressed or liquefied gases (with no subsidiary hazard) contained in receptacles with a capacity not exceeding 120 mL and installed solely for the purpose of the activation of the appliance.

The product therefore do not contains goods classified in class/division 1, 2.1, 2.3, 4.1, 4.2, 4.3, 5.1, 5.2, 6.1, 6.2, 7, 8, 9 according the applicable air transport regulations.

All units are securely packed and protected against unintended activation.

Therefore, the shipment is **not subject to the provisions of the IATA Dangerous Goods Regulations** in accordance with **Special Provision A223**.
